Fold & Punch

Folded in half, then punched. Which one is it opened up?

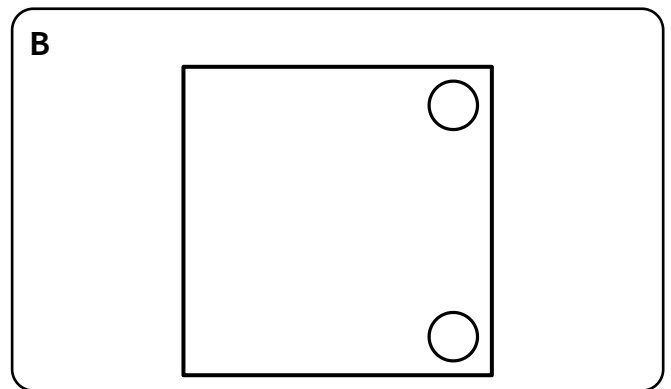

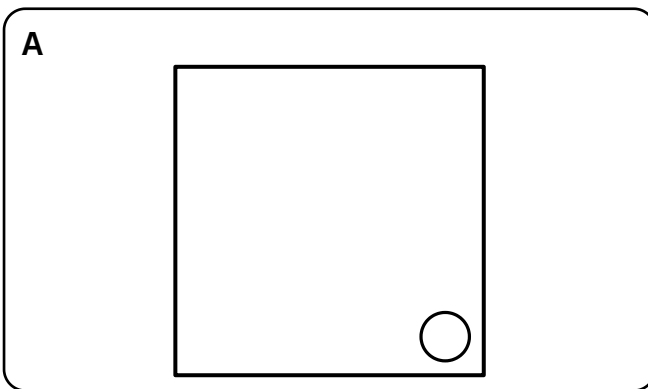

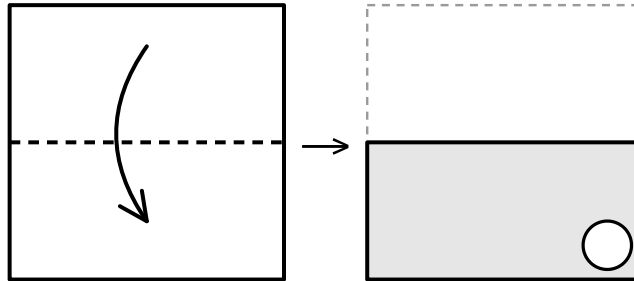

- 1 The punch goes through both layers of paper.
- 2 So opened up, each hole has a twin.
- 3 The twin is flipped across the fold line, like a mirror.

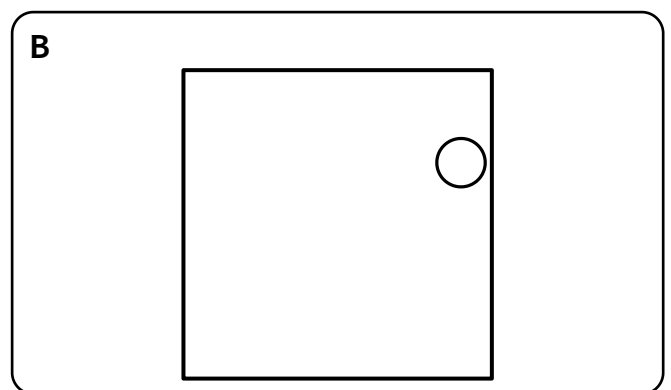

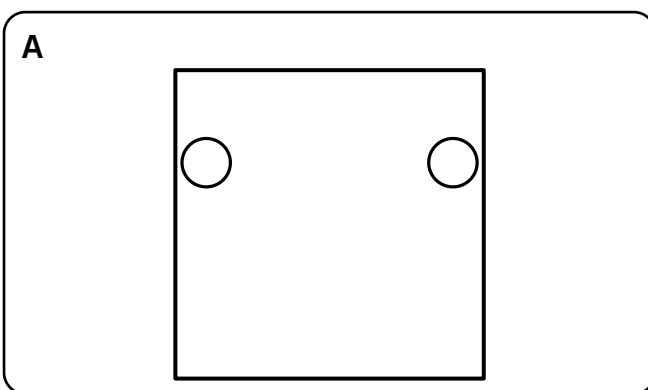

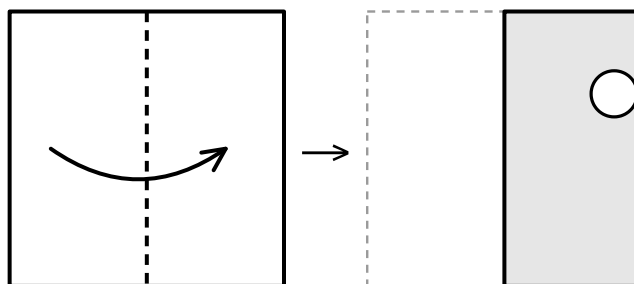

Let's try it with a real sheet of paper!

- 1 **Fold & Punch** Folded in half, then punched. Which one is it opened up?

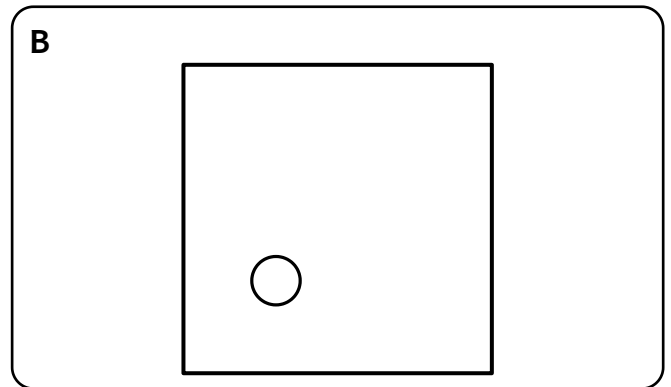

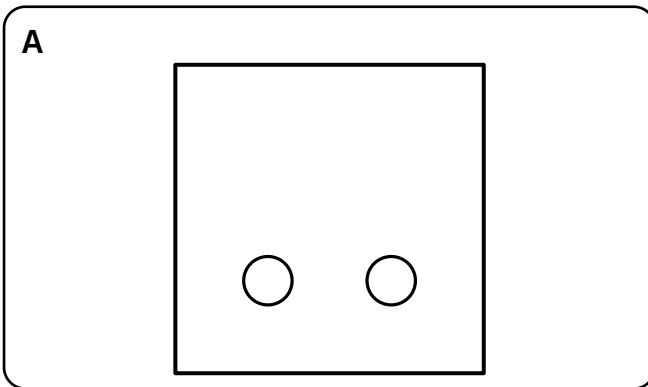

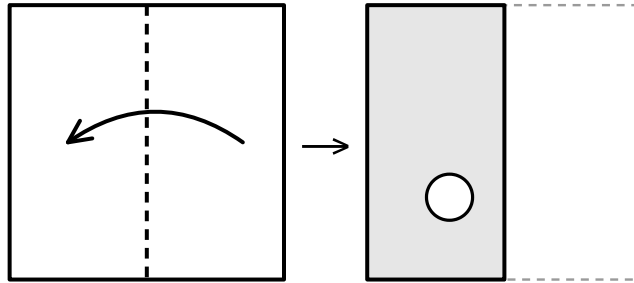

- 2 **Fold & Punch** Folded in half, then punched. Which one is it opened up?

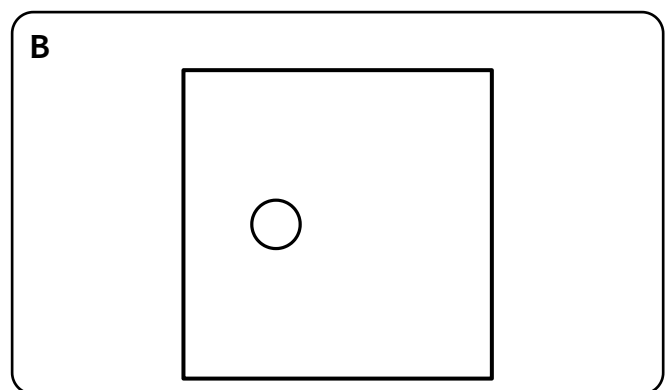

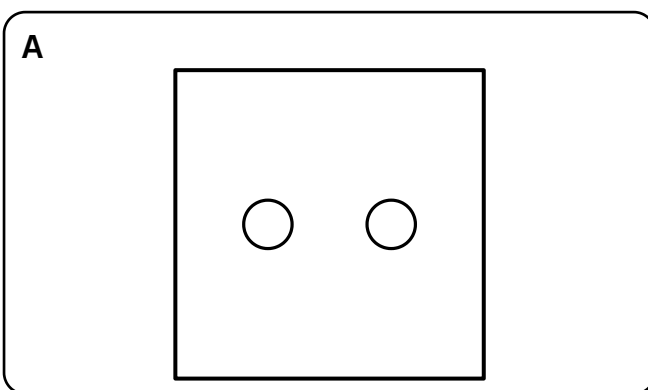

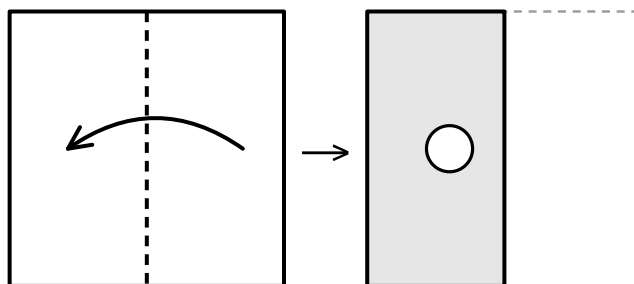

3 Fold & Punch Folded in half, then punched. Which one is it opened up?

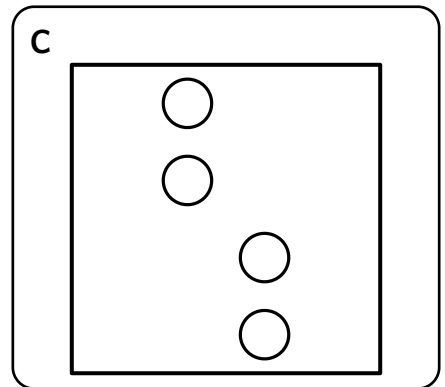

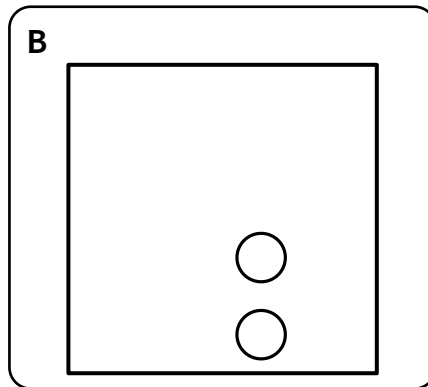

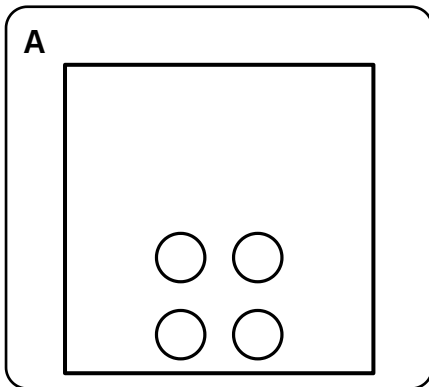

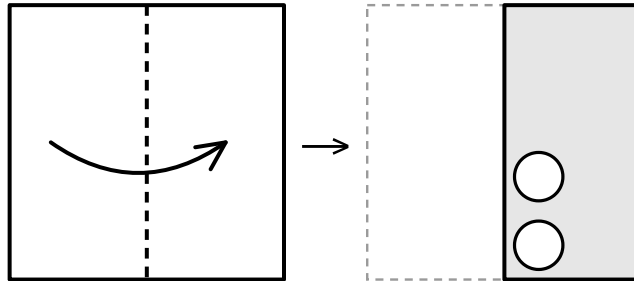

4 Fold & Punch Folded in half, then punched. Which one is it opened up?

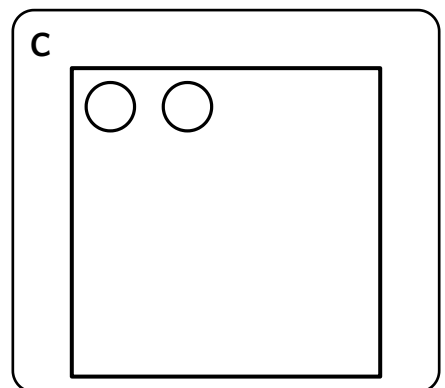

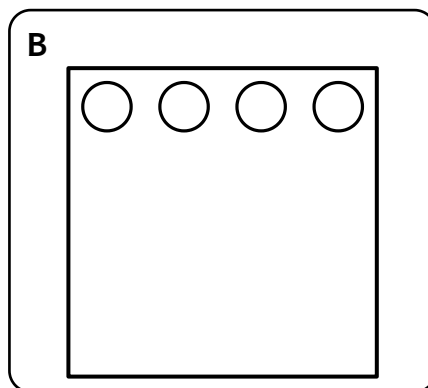

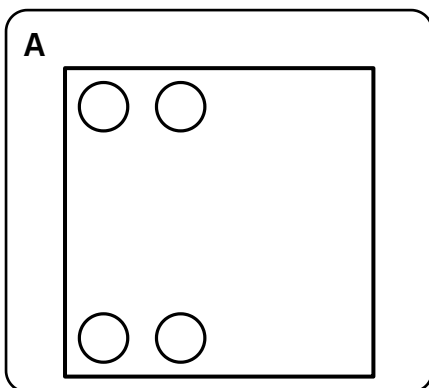

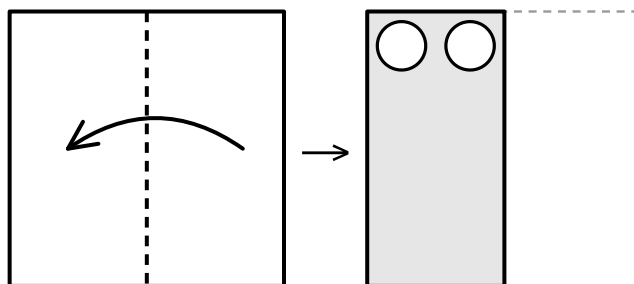

5 Fold & Punch Folded in half, then punched. Which one is it opened up?

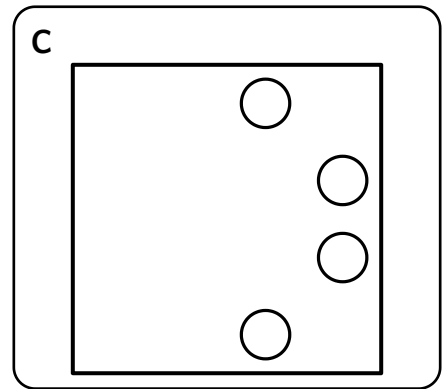

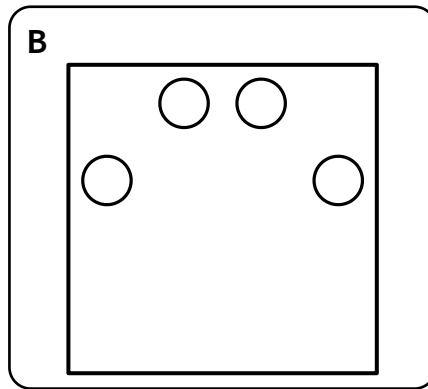

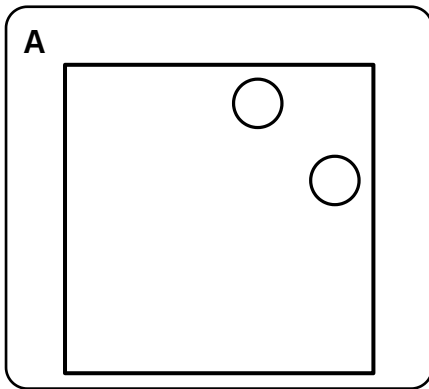

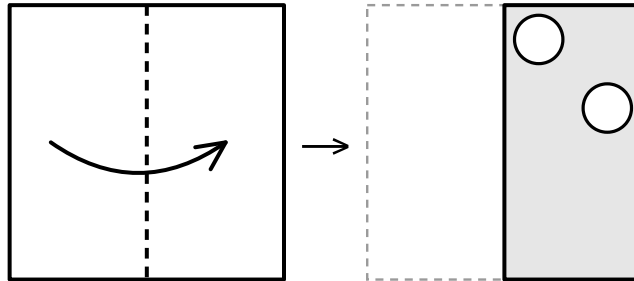

6 Fold & Punch Folded in half, then punched. Which one is it opened up?

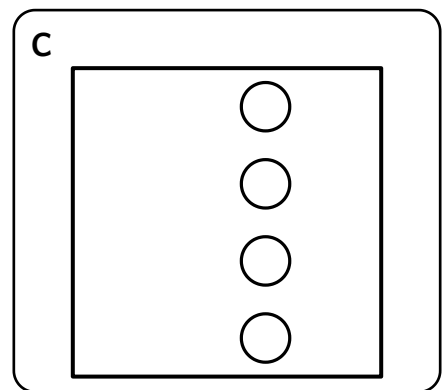

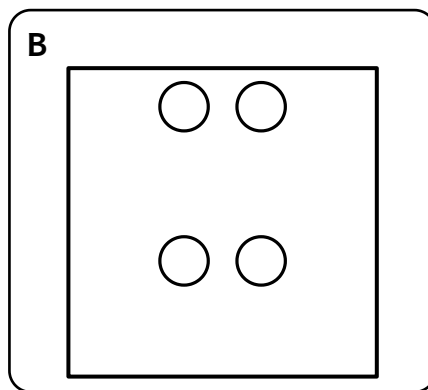

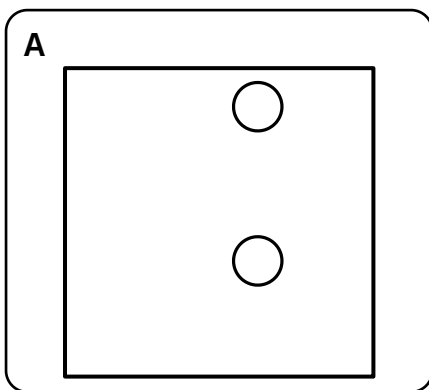

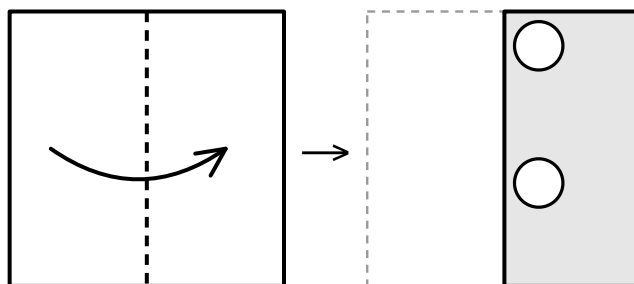

7 Fold & Punch Folded in half, then punched. Which one is it opened up?

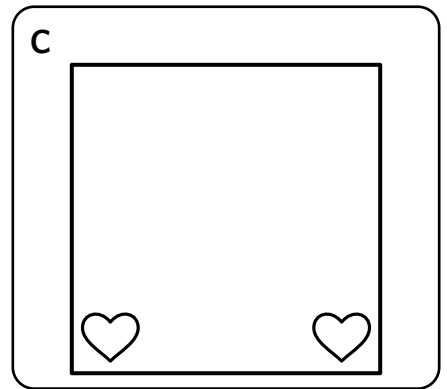

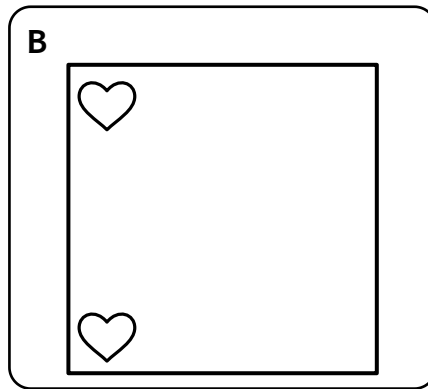

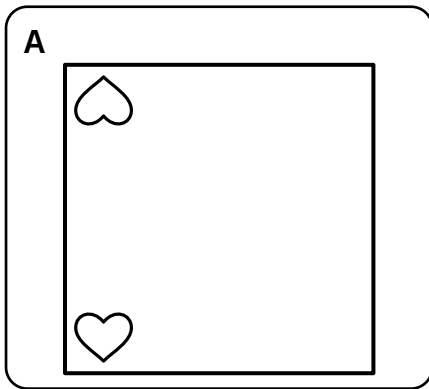

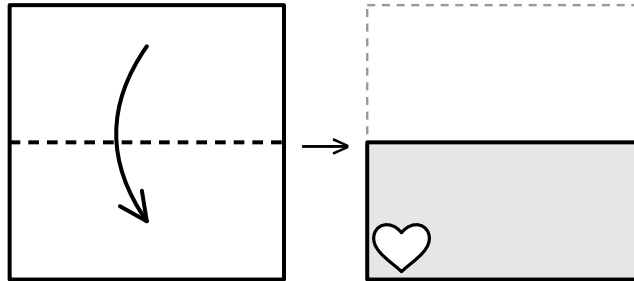

8 Fold & Punch Folded in half, then punched. Which one is it opened up?

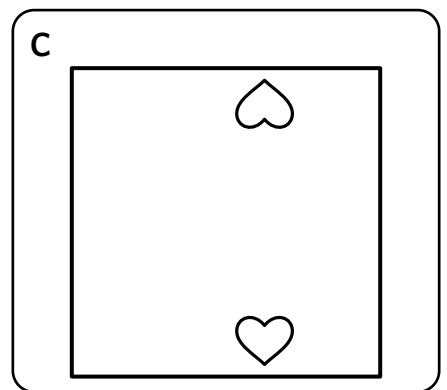

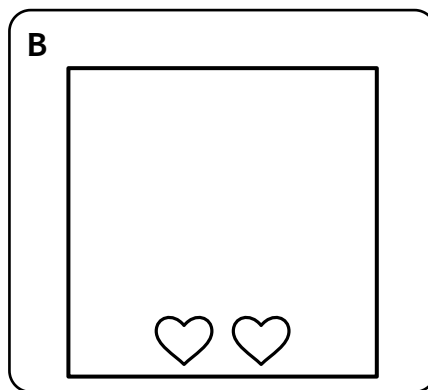

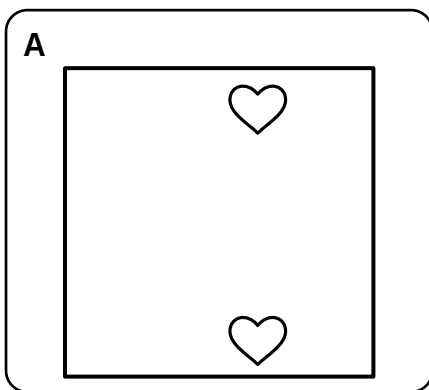

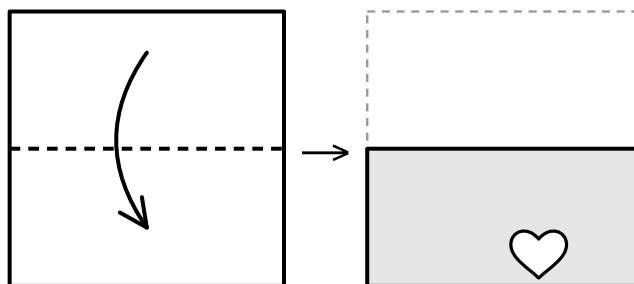

9 Fold & Punch Folded in half, then punched. Which one is it opened up?

10 Fold & Punch Folded in half, then punched. Which one is it opened up?
