Tents & Trees

Each tree gets its own tent beside it. Tents never touch, even at corners. Numbers count tents.

- 1 No tree beside this square? Then it is grass: put a dot.
- 2 The dashed tree has one free side left: its tent goes here.
- 3 The 0 beside this row means no tents: dot every square.

Which tree has only one place for its tent?

1

Tents & Trees

Each tree gets its own tent beside it. Tents never touch, even at corners. Numbers count tents.
